PLATFORM

Adopted by the Joint Democratic and Populist Convention.

Following is the platform adopted by the joint Democratic and Populist parties at Oklahoma City:

We, the representatives of the Democratic and Populist parties of the territory of Oklahoma, in joint convention assembled, do reaffirm our faith in the immortal proclamation of the inalienable rights of man, the Declaration of Independence and our allegiance to the constitution framed in harmony therewith by the fathers of the republic.

We hold that the perpetuity of this republic is dependent upon the triumph of those principles, their application in the creation of law, the administration of justice, and the exercise of executive function; that national politics should be measured by them and local affairs kept separately within their dominions; that without the liberty of a free people has no support, and with their overthrown free government is inevitably destined to decay.

We denounce as un-American, un-Democratic and un-Populist the policy of the present administration in its efforts to establish colonies under the American flag by force and bloodshed; and we believe that the people of the Philippine Islands have the same right to be free that the American colonies had when they published the Declaration of Independence, and that the action of the Republican administration in attempting to subjugate them by force of arms is an act of tyranny even less execrable than the attempts of Great Britain to coerce her own subjects in the war of the rebellion.

We denounce the policy of the Banished McKinley administration in countenancing the plunder of the revenues of Cuba by carpetbaggers, and its utter failure to fulfill its pledges to the Cuban people.

We favor municipal ownership of municipal utilities.

We condemn the policy of the McKinley-Hanna administration which has legalized slavery and recognized polygamy in the Gulf Islands.

Our most earnest sympathies are extended to the free men of the South African Republic in their effort to maintain against overwhelming power and oppression the governments which are dear to them on account of the struggles endured to create them, and because of their inherited love of home and liberty.

Private monopolies are indefensible and intolerable. They destroy competition, control the price of all material and of the finished product, thus robbing both producer and consumer. They lessen the employment of labor and arbitrarily fix terms and conditions thereof, deprive individual energy and capital of their opportunity for betterment. They are the most efficient means yet devised for appropriating the fruits of industry to the benefit of the few at the expense of the many, and unless their insatiate greed is checked all wealth will be aggregated in a few hands and the republic destroyed. The dishonest paltering with the trust evil by the Republican party in state and national platforms is conclusive proof of the truth of the charge that trusts are the legitimate products of Republican policies, that they are fostered by Republican laws and that they are protected by the Republican administration in return for campaign subscriptions and political support.

We demand for the Filipinos the same treatment promised to Cubans.

We favor the rehabilitation of silver at the ratio of 16 to 1 and the issuance of all paper money by the government.

We demand a constitutional amendment to enable congress to enact an effective income tax.

We condemn the Flynn statehood bill for its manifest unfairness to the school land leases of the territory, who are entitled to a preference right when it comes to the sale of the land of said territory.

We demand that we be accorded such rights in the organization of a state as shall leave us to regulate our own school system, that we shall not be forced to surrender our love of race nor bring ourselves to recognition of racial equality; and while we believe in equal educational rights for the negro, we oppose mixed schools for the accomplishment.

We extend our gratitude to the congress of the United States for the usage of a non-partisan free homestead, which has given to the settlers of the states and territories their just compensation for the hard toil and endurance incurred upon the opening of a new country; and we particularly point with pride to the adherence of the Democratic and Populist members of congress who supported the measure on each and every occasion when it was presented to them.

The reform forces of the territory demand for the prospective settlers in the Sioux, Comanche and Wichita reservations free homes on the basis granted to all past settlers on the public domain, and we earnestly condemn the apparent robbery and baseness of our delegates in Congress and the Republican party for their failure to have a free homestead provision inserted in the bill making their country in legislation while Congress was in the mood to grant such favors.

We favor the redistricting of the legislative and congressional districts of the territory, to the end that a good and representative representation of all parties may be secured.

THE RACE

Don't depend on the start but on the finish. It's racing power which carries many a runner to victory. It's like that in business. Many a man starts off in the race for business success with a burst of spirit which seems to assure victory. Presently he begins to falter and it is but fair and safe. The cause? Generally "business trouble." No one is stronger than his stomach. Business men tend to eat and indulge too much. The stomach and other organs of digestion and nutrition become diseased. The body is indisputably sustained and improved weak.

Dr. Pierce's Guthrie Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It strengthens the stomach and so strengthens the whole body, which depends on the stomach for the nourishment from which strength is made.

There is included in Dr. Pierce's Guthrie Medical Discovery, and it is entirely free from opium, cocaine and all other narcotics. Accept no substitute for the "Curever." There is no medicine "just as good" for diseases of the stomach and allied organs.

Dr. Pierce's Guthrie Medical Discovery has performed a wonderful cure, within six months, on Mrs. M. M. Moore of Oklahoma City, who was unable to stand upright. She had been unable to stand upright for two years. After taking Dr. Pierce's Guthrie Medical Discovery she could stand upright again.

• Dr. Pierce's Pleasant Pellets cure constipation.

Home and the Indian Territory as a single state. In the language of the statehood plank of the Kansas City platform, "we denounce the failure of the Republican party to carry out its pledges to grant statehood to the territories of Arizona, New Mexico and Oklahoma, and we promise the people of those territories immediate statehood and home rule during their existence as territories. We also favor some rule under a territorial form of government for Alaska and Porto Rico" and we ask that every Democratic and Populist paper in the territory to carry this plank conspicuously at the head of its editorial columns during the campaign.

Supplementary resolution passed:

We, the Democrats and Populists of Oklahoma territory, condemn the McKinley and Barnes administrations.
